

Guide to Good Practice in North South Activities

Example of Group Behavioural Contract

Young People's Agreement

We are visiting _____ and as such are ambassadors for the _____ School/Youthgroup and for our community. In participating in the visit we are all agreeing that at all times we will be:

- **Polite**
- **Respectful**
- **Responsible**
- **Co-operative**
- **Flexible**

This means that if there are things about the food, accommodation or programme of activities that we do not like, we will not do or say anything that may offend our hosts. Instead we will pass on any concerns to the staff who can negotiate with our hosts.

We will travel as a group and stay as a group. No one will be allowed to go off without staff present. We will look out for each other. This means that if anyone has relations living nearby, they can ask for them to meet up with the group, but may not go off to meet them separately.

- **Good timekeeping is expected so that we can make the most of our visit and not keep other people waiting.**
- **We will look after our own belongings and not take anything from anyone else without asking.**
- **Drinking alcohol or taking other illegal substances is not allowed.**

We also accept that poor behaviour may result in an individual or the group returning early, and we realise that the family/individual will be liable for the cost of the return when it is not for an emergency.

Signed: _____
